

**School LAND Trust  
Final Report – Brookwood Elementary  
October 2016**

The School Community Council is a dedicated group that meets regularly throughout the school year to study assessment data, develop school improvement plans, establish safe walking routes, and consider other school and community needs as they arise. The Council is comprised of parents and teachers who are elected to their position and serve two-year terms. The principal also sits on the council.

The 2015-16 academic goal for Brookwood was to increase the number of students reaching benchmark in reading, as measured by AIMSweb assessments. These assessments were administered district-wide in the fall, winter, and spring. To help achieve this goal, School LAND Trust monies were utilized to hire instructional aides who were trained to provide reading intervention services. The school’s district-appointed achievement coach directly supervised aides.

All students reading below benchmark on the fall 2015 Curriculum Based Measurement were identified for targeted intervention. The interventionists met with each student for 30 minutes, four days per week. Students were placed in skill-based groups and received explicit instruction using the Reading Street RTI Kit, Rewards Program, and the Phonics for Reading Program. Our end-of-year goal was to have at least 90% of students reading at or above benchmark as measured by AIMSweb assessments. We fell short of this goal by 3%.

<b>Grade level</b>	<b>Sept 2015</b>	<b>January 2016</b>	<b>March 2016</b>
	<b>Phoneme Segmentation</b>		
Kindergarten		85	88
	<b>R-CBM</b>		
1st grade		90	87
2nd grade	90	88	86
3rd grade	93	93	81
4th grade	90	95	91
5th grade	89	86	86
Average	91%	90%	87%

*The School Community Council appreciates your support and invites you to attend any of the upcoming meetings and/or to contact us with questions or concerns. Please find all meeting dates and contact information on the school website at <http://brookwood.canyonsdistrict.org>. If you want to have a voice in deciding how future funds are allocated, please consider adding your name to the spring ballot.*
